

GOALS FOR MULTIPLYING GROUPS:

1. Challenge individuals to become fully devoted disciples of Jesus Christ; to create a disciple-making culture in their church, and to impact their church and community.
2. Strengthen relationships with God and others by creating an environment that promotes authentic discussions, vulnerable sharing, and even freedom to confess sins one to another.
3. Model discipleship by inviting others to follow you, as you follow Jesus in a mission-focused life.
4. Engage individuals in spiritual disciplines, move them from understanding discipleship to becoming a disciple, and eventually maturing into a disciple-maker.
5. Influence individuals towards the habit of daily engrafting the Word of God into their lives.
6. Experience repentance, forgiveness and the ability to confess sins one to another.
